

SC DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
Notice of Department Decision

Regarding: Determination of Need and Consistency for the Carolina Materials Corporation
Class 2 Landfill Expansion

Location: 120 Carl Drive
Lexington, SC 29073

Decision Date: March 29, 2011

This decision applies to the first phase of the landfill permitting process, which deals with need, consistency, zoning, and certain buffers.

Pursuant to Regulation 61-107.19, *Solid Waste Management: Solid Waste Landfills and Structural Fill*, the public is hereby notified that the South Carolina Department of Health and Environmental Control's (the Department's) Solid Waste Permitting Section has made a Department Decision regarding the determination of need and consistency for a Class Two Landfill at the above-referenced location. The Department Decision is that the proposed Carolina Materials Corporation Class 2 Landfill Expansion meets requirements set forth in Part I, Section D.1. of Regulation 61-107.19.

This decision becomes the final agency decision fifteen (15) days from the date of the certified mailing of the decision unless a written request for final review is filed with the Department. This decision may be appealed by complying with the procedures for requesting a Final Review before the Board of Health and Environmental Control (the Board) as found at
